

Lighthouse Preschool

Sharing God's love
with the youngest believers

Enormous Thanks!!

Thank you for all the support for our Christmas program. We achieved a record attendance with 220 family, friends, and congregation friends. It was wonderful to see so many people there to hear the Christmas message presented by the preschool children. We also want to thank all you donated and purchased cookies for the Holiday Treat sale. I was overwhelmed with the variety and amount of treats available. Everything looked and tasted amazing!

Spring Program—May 15

The children enjoyed their Christmas performance so much that we have already begun planning for the Spring Program. So, mark your calendars and plan on attending. We are tentatively planning a theme of Noah's Ark. I am sure that 26 children on the stage dressed as animals and singing of God's promises will proved to be a delight.

Blessing in 2012!

Rhonda Henschen and the children of the Lighthouse Preschool would like to extend richest blessings to all of you as we enter a new year. You have greatly enriched our education and spiritual growth at the preschool. May God shower His love and blessings on you in the coming year!

2012-2013 Enrollment

Applications are now being accepted for the 2012-2013 school year. Applications can be picked up at the Preschool or by calling 725-1855.

Ages: 3, 4, or 5 year olds

Class Times: 8:00 — 11:15 am
12:15 — 3:30 pm

If you have a child, co-worker, grandchild, neighbor who is looking for preschool, please have them give us a call. We would be happy to answer their questions.

Let It Snow!
Let It Snow!
Let It Snow!

While the rest of us are enjoying life without the white "stuff", the preschool children are desperately praying for some snow. We are hoping to build a large snowman in the backyard and try some snow painting.

Our January themes have us exploring snowy climates (the Arctic), snowy animals (penquins), snow clothing (hats/mittens), and snow fun (snowmen). We will be practicing our math, letters, science and cooperation as we use SNOW as our main topic.
